ABOUT ME

Passionate about my field, I'm eager to contribute to innovative projects within a dynamic team.

I'm involved across the full lifecycle of a digital project: needs scoping and agile management, interface design (UI/UX), full-stack development, quality assurance and technical documentation.

SKILLS

Programming Languages : TypeScript/JavaScript, HTML, CSS, SQL, PHP, Java, Python

Frontend : Vue.js, Angular, Ionic, Tailwind CSS

Backend & Cloud : REST APIs, Swagger, Node.js, Express, Prisma, Laravel, MySQL, PostgreSQL, SQLite

DevOps : Docker, CI/CD, Git, Nginx

Methodology & Project Management : Agile, Scrum, UI/UX, design systems, user research, requirements analysis, functional testing & bug tracking

Tools : Figma, Adobe CC, WordPress, Elementor, Webflow, Google Analytics

Languages : French (native language), Portuguese (native language), English (C1), German (B1)

WORK EXPERIENCE
